**Neora's Age IQ® Eye Serum** was developed to help blur fine lines and reduce dark circles without makeup – you don't need to use heavy foundation or concealer to see great results, making it perfect for both men and women. Our Eye Serum is unique in that it offers immediate, short and long-term benefits. And unlike some other products on the market, Age IQ Eye Serum has a pH level that works in harmony with your skin!

Eye Serum blends in easiest on moisturized skin, so make Age IQ Day Cream the first step in your skincare routine. See additional tips below to learn how Eye Serum should be incorporated into your beauty regimen to attain a professional, polished look with or without makeup!

## HOW TO USE

### NO MAKEUP

**Age IQ Eye Serum** is designed so you can use it without makeup. Follow the steps below for a flawless finish. Use one pump of product for each eye every morning and night.

1. Gently smooth Serum around the eye area.
2. Remain expressionless and allow the product to dry for 30 seconds.

## LIGHT MAKEUP

If you are going to apply makeup over the Eye Serum, it's best to use a tinted moisturizer or lightweight foundation. Follow the directions for no makeup and keep these tips in mind.

1. The more moisturizing the makeup, the better!
2. Remember to prep your face with our hydrating **Age IQ Day Cream**. Apply the moisturizing Day Cream before adding the **Age IQ Eye Serum** over it.
3. Remain expressionless and allow the product to dry for 30 seconds.

## HEAVIER MAKEUP

If you like using a heavier, thicker foundation, follow these tips for best results.

1. Apply a small amount of **Age IQ Eye Serum** to the back of your hand and mix it with your concealer or foundation. REMEMBER: it's a small area, so you just need a little.
2. Immediately take some of the mixed product and apply underneath the eyes and around crow's feet with your ring finger using a gentle, smoothing motion.
3. Remaining expressionless, let the product dry for 30 seconds. Then apply your foundation to the rest of the face.

### *Bonus Blending Tip:*

*If you experience issues applying the concentrated **Age IQ Eye Serum** with heavier makeup, mix it with a touch of your day cream to make the application smoother.*

## Just for fun! 2020 Horoscope for Every Sign

According to the yearly horoscope, 2020 will be a year when all the zodiac signs will be able to take advantage of a new beginning, both in their personal life and financially.

Some of us will focus on fun, amusement, pleasure, and hobbies, while others will use their creativity, ambition, and confidence to initiate personal and/or more extensive projects.

The year 2020 is very important because it marks the beginning of a new era: the between Jupiter-Saturn conjunction initiates a new 20 years cycle. This conjunction will take place and will mainly influence the Water signs (Cancer, Scorpio, and Pisces). The relation between planets and their position will influence our lives and will define to a certain degree our personality.
