

Welcome to my April Newsletter!

I hope this message finds you and your family safe and healthy!

This month, I wish to bring you 2 amazing promotions to brighten your day and treat yourself to self-care.

And since I absolutely love flowers, I thought I'd share this little fact with you: the April birth flowers are the Daisy and the Sweet Pea. The Daisy conveys innocence, loyal love, and purity. Yet, it is also a flower given between friends to keep a secret; the Daisy means "I'll never tell."

The other April flower is the Sweet Pea, which signify blissful pleasure.

Take the time to stop and smell the flowers and treat yourself this month. We will be okay.

Stay safe & healthy.

Doing a nightly at-home facial is a great way to decompress at the end of the day while taking great care of your skin.

Neora's new At-Home Facial Set is a curated collection of clean, plant-based skincare products that help cleanse and gently exfoliate your skin, as well as address all of the major signs of stress and aging.

STEP 1: CLEANSE YOUR SKIN

Even though you may not be wearing makeup at home these days, it is still as important as ever to cleanse your skin of any dirt/impurities that have accumulated during the day and night. Cleansing your skin also creates the ideal environment for better absorption of your skincare products. Apply Neora's Double-Cleansing Face Wash to dry skin – this will help pull the oils and impurities from your complexion – then apply water to transform it to a moisturizing lather that will help soften and nourish your skin.

STEP 2: ILLUMINATE YOUR SKIN

Add in a few pumps of IllumaBoost® serum to your night cream.

This will add additional brightening ingredients such as vitamin C, and moisturizing ingredients such as hyaluronic acid to your facial.

This brilliant booster amplifies your skincare regimen by adding ingredients to your existing products that help brighten, hydrate and guard against environmental stressors.

Simply mix a couple of pumps with your Night or Day Cream, foundation or sunscreen for a quick boost of skin-benefiting ingredients.

STEP 3: APPLY A MASK TREATMENT

Neora's Age IQ® Night Cream acts as a mask treatment while you sleep.

You will feel it dry down tight like a mask as it helps to lock in all of the active ingredients so they can be working on your skin during its crucial rest-and-repair cycle while you sleep.

You will be locking in many plant-based actives, vitamins and peptides, which collectively target every major sign of aging.

This mask also includes Bidens-Pilosa, a plant-based alternative to retinol that achieves similar benefits without the harsh side effects.

STEP 4: THE FOLLOWING MORNING DE-PUFF YOUR EYES

To finish your facial, apply Neora's Hydrogel Eye Patches underneath your eyes.

These patches are infused with calming and hydrating ingredients that will instantly relax and de-puff the appearance of your eye area. Additionally, they will infuse ingredients that target the appearance of under-eye and crow's feet wrinkles.

We recommend relaxing for 15 minutes while your eye patches go to work. Read a book, listen to music or your favorite podcast, and meditate. Use this time to de-compress from your day. Of course, if staying still is not relaxing to you, these patches will stay adhered while you carry on with any activity.

REAL RESULTS
